

Nyari NEWS

*Just as it takes a whole village to raise a child;
it takes each and every one of us to keep Nyari alive.*

A happy New Year to all our members.
Here's wishing you a wonderful, productive
and fruitful year.

SECURITY

We are happy to report that the estate was quiet during the month of December. There were no incidents and a sense of peace and calm continues to prevail in the estate. The extra measures we put in place had their effect and rendered our estate unattractive to thieves.

FINANCE

Dues to the tune of Kenya Shillings 1.7 Million are still outstanding. Some of these amounts have been outstanding for over a year now. Three projects that we have been ready to implement for some time now are on hold. They are:

1) The ID card system for visitors, staff and casuals. The all up cost for this project will amount to KSh. 200,000. We are unable to proceed due to lack of funds.

2) The gates at the various entry points to close off the estate and turn it into a gated community. Cost estimates for this are

KSh. 700,000 for 3 gates. Again we are unable to proceed due to lack of funds. We are seeking pledges from members.

If through pledges we are able to raise KSh. 1M we will be able to install these gates and make the estate even safer than it is at present. Please consider pledging whatever you can manage to help us see this project done.

3) Bumps at the barriers. Bumps and rumble strips to slow cars down at the

barriers to allow our guards to inspect the cars moving in and out of the estate will cost about KSh. 50,000 per barrier. Again we are unable to proceed due to lack of funds.

MAINTENANCE

Many of you will have noticed that our roads are slowly falling into disrepair. We would like to undertake a major repair project on all the estate roads but as this is going to take some heavy funding to see to completion we are intending to present this to the membership at the next AGM and solicit your views and start a discussion on this topic at that venue.

*The Chairman and
Members of the
Executive Committee
would like to wish all
Nyari Residents a
happy and prosperous
New Year*

ENVIRONMENT

Clean-up Day

For every quarter of the year a clean-up day will be scheduled. With regard to holiday seasons, these will be the clean up days:

- Saturday, 18.01.2014
- Saturday, 12.04.2014
- Saturday, 05.07.2014
- Saturday, 08.11.2014

Residents who cannot send their gardeners pay KSH 500 to hire someone else. Last clean up day we had a number of residents also take part picking up garbage themselves. It became a fun day for all of us while at the same time resulting in a spick-and-span Nyari. Please do join us and help keep Nyari clean.

Sunday Leisure Walk

The Sunday Leisure Walk will take place on a regular basis every last Sunday of each month. Time: 5 p.m. in the afternoon. Meeting point: Nyari Office. Walk: about 45 minutes. After the walk light refreshments are served. Please do join us.

ALL the Leisure Walks during the year:

26.02. / 23.02. / 23.03. / 27.04. / 25.05. /
29.06. / 27.07. / 24.08. / 28.09. / 26.10. /
30.11. / No Leisure Walk end of December.

Please bring a bottle of water with you for the walk.

Compost Workshop

A compost workshop will be held soon. The day is not yet scheduled. We will communicate the date in due course. We can provide a compost manual at any time to residents who are interested in making their own compost. Residents can bring leaves and other compostable waste to the Nyari Office and we will compost it ourselves.

Clean Front Gardens and Streets

To improve the environment and cleanliness in the Estate, the NRWS office will start distributing flyers to residents to indicate which work needs to be done in their front gardens. Please help us achieve this objective by getting your gardener to carry the work we suggest in our flyers.
