

Nyari NEWS

*Just as it takes a whole village to raise a child;
it takes each and every one of us to keep Nyari alive.*

Christmas Fun Day

Our Christmas Fun Day is being held on Sunday, November 24th at Good News on from 1pm to 6pm. Please mark this date in your diary and do join us. Members are invited to rent a table on the day at KSh. 3,000/- per table. You may exhibit anything you like on your table - items you want to sell, products you want to advertise etc. To reserve a table please pay at the office at least four days before the social to enable reservation of your table.

Special offer from Red Cross

The Red Cross says they need at least 100 members to sign up to make their special offer viable. We mentioned this in our last newsletter. Their offer is tremendous and you won't get this from any other company. If we don't get 100 members this offer will be withdrawn so let's sign up at the social if not before. Forms will be available for members to sign up, please make sure that you attach your cheque when you hand in your forms. Forms are also available at the office right away if you want to expedite this cover for yourself or if you feel you might not make it to the social event. The fee is 2500/- per annum which covers an entire household.

Security

Our security team reminds members to be cautious during this period - November/December as crime rates are higher at this time each year. Some new security

measures are already in place and more are coming on-line even as you read this.

By now you must have noticed that the guards are being more vigilant at the barriers. In some cases this means a short delay for members as the guards check their cars to make sure they are not being kidnapped out of the estate. As this is just a quick visual inspection the impact time-wise is insignificant. ONE minute spent doing this could save you a lot of grief.

Any exception creates a loophole and confuses the system and this then puts us all at risk. When one visits a shopping mall, club or most any institution the world over one does not complain about the security systems.

So, let's not complain at Nyari especially in light of how our security systems were thwarted in the recent past.

Members should sensitise their visitors that there will be a short delay if the member has not called ahead to inform Nyari Security about the visit before the visitor arrives.

The number to call about ALL security issues is the main office number (at the bottom of this page) not any other. This is necessary to give us central control of all affairs.

Sirens - If a member hears a siren or multiple Nyari sirens sounding they should remain indoors and be vigilant. Do not call the office until the sirens have stopped sounding. The sirens indicate an on-going robbery or attempted robbery.

At this festive season please don't forget about donations to the guards kitty/Christmas fund. This is very strongly patronised by a lot of our members each year and we hope you'll do the same this year also.
